

SELECTYS® K

An oenological yeast that provides security and smoothness while respecting the terroir, for all types of wines

CHARACTERISTICS

SELECTYS® K is a strain of *Saccharomyces Cerevisiae* var *bayanus*.

SELECTYS® K has a killer factor that enables excellent implantation whatever the indigenous population present.

SELECTYS® K has very good resistance to alcohol, enabling it to carry out alcoholic fermentation even under difficult conditions.

OENOLOGICAL PROPERTIES

Fermentation characteristics:

- Species: *Saccharomyces cerevisiae* var *bayanus*
- Fermentation kinetics: rapid to very rapid
- Optimum fermentation temperature range: 10 to 28 ° C
- Alcohol tolerance: up to 16.5% vol.
- Production of volatile acidity: low
- Nitrogen requirement: moderate
- SO₂ production: low
- H₂S production: low
- Glycerol production: average

Organoleptic characteristics:

- Sharp aroma and flavour.
- Respects expression of grape varieties.

APPLICATIONS

Production of white, red and rosé wines.

It can be used under difficult conditions, such as spoiled harvests, etc

Under conditions of maximum stress, it is recommended to add **VIVACTIV PERFORMANCE** nutrient one third of the way through alcoholic fermentation.

DOSAGE

Recommended dose: 20 g/hL.

INSTRUCTIONS FOR USE

Dissolve the active dry yeast (ADY) in 10 times its weight of a 50/50 water and must mixture at a temperature between 35 and 40°C. For instance: add 500 g of ADY to a mixture containing 2.5 L of water and 2.5 L of must at 37°C.

Leave for 20 minutes and then gently and thoroughly mix the yeast starter. Add the starter directly to the must if the temperature difference between the starter and the must does not exceed 10°C. Otherwise, double the amount of starter by adding the same quantity of must, wait 10 minutes, mix gently and thoroughly, and add to the must.

Precautions for use:

Product for oenological and specifically professional use.
Use in accordance with current regulations.

PACKAGING:

500 g vacuum packs - Boxes of 20 x 500 g.
10kg bags

STORAGE

Store in a cool, dry place in its original packaging.
Use immediately after opening.
